

Run your whole school from **one** simple, secure platform.

Admissions, attendance, homework, online classes, exams, fees, transport, library, staff and parents — connected, mobile-friendly and ready from day one.

WHY EDPRO SUITE

Less paperwork. More time for teaching.

EdPro Suite brings every office, classroom and parent touch-point into a single system. Teachers see only their own classes, the office sees everything, and parents get timely updates — on any device.

12

integrated modules

300+

ready screens

100+

ready-made reports

3

 alert channels: Email,
SMS & WhatsApp

Built for schools

Academic sessions, classes & sections, class teachers, subject teachers, bell schedule and time table — the way schools actually work.

Right access for everyone

Role-based permissions per screen and action. Teachers work only on their own classes and subjects; admins see the whole school.

Works on any device

Mobile-first design for phones, tablets and desktops — take attendance in class or collect fees at the counter.

Parents stay informed

Email, SMS and WhatsApp alerts for absence, homework, notices and online classes, plus a redesigned Student & Parent Portal.

Dashboards & reports

Student, Fees, Transport and Examination each open on a live dashboard. Reports filter by session, class, section and date, then export.

Multi-school ready

Run several schools or branches from one installation with their own branding, settings, logo, themes and language.

Year-round, session by session

Every record belongs to an academic session. Switch the session from the header to look back at any year; closed sessions become read-only so past records stay safe.

Safe by design

Nothing is ever hard-deleted — removed records are archived. Every change is stamped with who made it and when, and IDs in links are encrypted.

A DAY WITH EDPRO SUITE

One system, from the morning bell to the principal's review.

7:50

Late arrivals logged at the gate; parents alerted.

8:15

Class teachers mark attendance; absent alerts go out.

11:30

A parent collects a child early — gate pass printed.

13:00

Homework assigned; students see it on the portal.

14:30

Fee counter collects dues and issues receipts.

17:00

Principal checks collections, attendance and reports.

EVERYTHING IN ONE PLACE

The modules

Start with what you need today and switch on more modules as your school grows.

Everything shares one student record, one login and one set of reports — and Student Management, Fees, Transport and Examination each open on their own dashboard.

**Student Management**

Admissions, profiles, enrolment per session, attendance, homework, class tests, conduct, movement, notices, study material, online classes and transfer certificates.

**Student Enquiry**

Admission enquiries, follow-ups and callbacks so no prospective parent is missed.

**Examination**

Exams, date sheets, marks entry, grades, report cards, admit cards, results and promotion.

**Fees**

Fee structure per class, installments, collection & receipts, concessions, late fine, optional and miscellaneous fees, dues.

**Transport**

Vehicles, drivers, routes and stop fares, rider assignment with transport fee, documents, fuel and maintenance.

**Library**

Catalogue with accession numbers, issue / return for students and staff, fines and receipts.

**HRMS & Payroll**

Staff records, attendance, leave with approvals, payroll and payslips, school holidays.

**My Account (staff self-service)**

Personal dashboard, leave, attendance, my time table, academic calendar and knowledge center.

**Admin**

Class setup & time table, school events, news ticker, masters, academic sessions, notification templates, users & permissions, themes.

**HelpDesk**

Support tickets with SLA tracking — for staff, students and parents.

**Expenses**

Expense claims, vendors and purchase entries with approvals.

**Asset Management**

School asset register, asset types, issue history and warranty tracking.

Student & Parent Portal — redesigned — a new dashboard, attendance calendar, time table, transport with driver contact, homework, online classes, study material, notices, school events, fees & receipts, results, library, conduct, TC requests and support — in the family's own language, with dark mode and a tab bar on phones.

STUDENT MANAGEMENT

From admission to attendance — in minutes.

One complete record for every student: personal details, parents, address, documents, class and section for each session.

The screenshot shows the 'Student Admission' form in the EdPro Suite interface. The form is divided into several sections: 'Student Admission' (top), 'Enrollment' (middle), and 'Address Details' (bottom). The 'Student Admission' section includes fields for Student Name, Student ID (auto-generated), Admission Session, Admission Date, Gender, Date of Birth, Category, Religion, Blood Group, Medium, House, Email, Contact No, and Status. The 'Enrollment' section includes fields for Class, Section, Roll No, and Enrollment Date. The 'Address Details' section includes fields for Address, Country, State, City, and Pin Code. The form is part of a larger interface with a sidebar menu and a top navigation bar.

Student Admission — auto Student ID, enrolment, parents, address, previous school, documents and optional fees in one form.

- ◆ **Online registration & admission** with auto-generated Student IDs and photo upload.
- ◆ **Enrolment per session** — class, section, roll number and house; one-click roll number update.
- ◆ **Documents** such as birth certificate and transfer certificate stored with the student.
- ◆ **Student evaluation** during registration with an evaluation report.
- ◆ **My Students** — each teacher sees their own class and subject sections with a profile popup.
- ◆ **Masters** for category, religion, blood group, medium, house and more.
- ◆ **Encrypted links** and full change history on every record.
- ◆ **Student & Parent Portal** login for every student.

STUDENT ENQUIRY

Turn every enquiry into an admission.

Enquiry

Walk-in, phone or website enquiry recorded in seconds.

Follow-up

Callbacks and follow-ups assigned to staff with reminders.

Registration

Registration form and student evaluation.

Admission

Converted to a student with class, section and fees.

ATTENDANCE

Daily attendance with instant parent alerts.

Teachers mark their own class in seconds — by mouse or keyboard — and parents of absent students are alerted automatically.

Attendance Entry — Present, Late, Half Day, Leave and Absent, with each student's attendance % and absent alerts.

Fast marking

- ◆ "All present" in one click
- ◆ Keyboard shortcuts P / L / H / V / A
- ◆ Class progress: taken vs not taken

Parents informed

- ◆ Absent alerts by Email, SMS and WhatsApp
- ◆ Sent once per day, never duplicated
- ◆ Remarks for the day

Reports

- ◆ Daily, monthly and student-wise
- ◆ Class-wise attendance %
- ◆ Low attendance and absentee lists

WHAT PARENTS RECEIVE

Clear, timely messages — on the channel they use.

Alerts go out by Email, SMS and WhatsApp using templates the school controls. The same system notifies parents about homework, early pickups, late arrivals and more.

Dear Parent, **Kabir Verma** (Nursery A) is marked **absent** today, 28-Sep-2026. Please contact the class teacher if this is unexpected. — Green Valley Public School

ACADEMICS

Time tables, homework and class tests.

Set up every class once — sections, class teachers, rooms, subject teachers and the weekly time table — and the rest of the system follows it.

The screenshot shows the 'Class Setup & Time Table' interface in EdPro Suite. The top navigation bar includes 'Admin / School Masters / Class Setup & Time Table'. The main content area is titled 'Class Setup & Time Table' and shows the setup for the 2026-27 session. It includes filters for 'CLASS' (Nursery, LKG, UKG, Class 1-12) and 'SECTION' (Section A, Section B). The 'Time Table — Nursery A' view displays a weekly schedule with periods 1-4 and subjects like English. A break is shown between Period 2 and 3. The interface also includes options to 'Fill teachers', 'Clear all', and 'Print'.

Class Setup & Time Table — class-wise and teacher-wise views, bell schedule with breaks, clash checks and printing.

Class setup

- ◆ Sections, class & secondary teacher, room
- ◆ Subject teachers per section
- ◆ Copy the setup to a new session
- ◆ Teachers see **My Time Table** and the **Academic Calendar**

Homework

- ◆ Assign to a whole section or selected students
- ◆ Attach files; notify parents
- ◆ Students submit online from the portal
- ◆ Review, marks and remarks

Class tests

- ◆ One test per class, section and subject
- ◆ Marks, %, auto grade and rank
- ◆ Publish to the portal "My Tests"
- ◆ Student and subject analysis

FOR TEACHERS

Everything a teacher needs — and only their own classes.

Each teacher logs in to their own dashboard: **My Students** for the sections they teach, **My Time Table** with today's periods, the **Academic Calendar** of holidays and exams, attendance for their class, homework and marks entry for their subjects — nothing more, nothing less.

EXAMINATION

Exams, report cards and promotion — end to end.

Quarterly, half-yearly and annual exams with flexible marks structures, automatic results and printable report cards.
